Aymeric PINEAU

JavaScript developer full stack / DevOps engineer

Summary

French IT engineer, specialized in web development, DevOps, and cybersecurity. My journey through apprenticeships and projects has honed my skills in React, NodeJS, Docker, Kubernetes, and CI/CD, alongside robust project management.

Driven by a passion for technology and an adventurous spirit that took me to Sydney, I am on the lookout for opportunities in the US with startups and innovative companies where I can apply my expertise and continue to grow. I am eager to embrace the challenges ahead and contribute to a team that values agility and innovation.
